\$1,834.34

GRAND TOTAL \$ 20,177.71

GENERAL ASPECTS

1. Some colors may require more than one coat to achieve full opacity.
2. Application of brush or roll may require more than one coat to achieve the required DFT's.
3. The responsibility for executing the work stays with the yard/contractor.
4. The role of a PPG Sales / Technical Service Representative is to provide onsite technical assistance and / or advice.
5. The presence and/or the technical advise of a PPG Technical Representative shall not relieve the contractor and owners of their responsibility for correct execution and quality assurance of the coating work .
6. Please read and observe the information given on the product data sheets.
